

BELLINGEN SUSTAINABLE BUSINESS ALLIANCE

SUSTAINABLE YOUTH ENTERPRISE THINKTANK

A key concern identified by local businesses at the inaugural BSBA Forums held in 2009 was the issue of youth unemployment.

How can we support young people to create sustainable enterprises?

Sustain our local community, our local environment and our local economy.

The Bellingen Sustainable Business Alliance (BSBA) will conduct a workshop as part of Innovations Festival month (May 2010), to bring together young people and the business community to see what we can innovate together that will:

- **Create meaningful employment for Bellingen Shire youth;**
- **Build mentoring and co-coaching partnerships between business people and youth;**
- **Enable young people to develop the business skills that are needed to run a successful sustainable enterprise.**

This 3 hour think-tank will bring together young people, local businesses and key industry stakeholders to explore, innovate and create opportunities together that will sustain our local community, our local environment and our local economy.
