Internationally acclaimed author Nicole Foss is coming to Coffs Harbour as part of a national tour to explain why strong local economies are smart economies in today's fast-changing global context.

According to Nicole, local communities built on trust and resilience stand a much better chance of withstanding upheavals that the global financial system is now producing.

This community event is a great opportunity to learn more about the major challenges all of us face. Most importantly, Nicole will offer strategies for individuals and communities to thrive in the rapidly-emerging new social and economic context.

Don't miss this important event!
