World Cafe held on 15 February 2012

More than seventy people attended the World Cafe held on 15 February 2012 creating a wonderfully warm and friendly atmosphere.

The vibrant discussion culminated in presentation of the views of the various tables to answer the question "if we've 'transitioned' well - what will our community look like in 2020?"

As part of our continual learning process, we would love to hear feedback from Cafe participants -what worked about the event?

What could have been better? Email us back with your comments.

If any of the ideas generated at the World Cafe touched or inspired you, and you would like to explore how to make them happen, [please come along to the Hub meeting next Tuesday 21 February at 7pm in the Bellingden Environment Centre, upstairs in Church Street Lane Bellingden.](#)
